

Jasmine Greene

jasmine.greene653@example.net | (645)220-6434x4195 | System Administrator (Mid-level)

SUMMARY

Detail-oriented System Administrator with over 5 years of experience in managing complex IT infrastructures and cloud environments. Proven track record in optimizing server performance, automating deployment processes, and ensuring 99.9% uptime for critical enterprise systems.

SKILLS

Linux Administration (RHEL/Ubuntu), AWS (EC2, S3, VPC), Ansible, Docker, Bash Scripting, VMware vSphere, Nginx/Apache, Zabbix

EXPERIENCE

System Administrator - NexusFlow Infrastructure Solutions (2021-03 - Present)

Managing a fleet of 150+ Linux servers and implementing Infrastructure as Code (IaC) using Ansible, which reduced manual configuration time by 40%. Leading the migration of on-premise legacy databases to AWS, resulting in a 25% decrease in operational costs.

Junior System Administrator - Vertex Digital Networks (2018-06 - 2021-02)

Maintained daily backups and system monitoring for a mid-sized network, achieving zero data loss incidents over a 3-year period. Assisted in the deployment of containerized applications using Docker, improving software release cycles by 30%.

EDUCATION

Bachelor of Science in Information Technology Systems - St. Aethelgard Institute of Technology (2018)
