

Molly Mcdonald

molly.mcdonald559@example.com | (596)975-5588x086 | System Administrator (Senior)

SUMMARY

Accomplished System Administrator with over 8 years of experience in architecting, managing, and scaling complex IT infrastructures. Proven track record in automating deployment workflows, enhancing system security, and maintaining 99.99% uptime for mission-critical enterprise environments.

SKILLS

Linux Administration (RHEL/Ubuntu), Cloud Computing (AWS/Azure), Infrastructure as Code (Terraform/Ansible), Containerization (Docker/Kubernetes), Scripting (Bash/Python), Network Security & Firewall Management, Monitoring & Logging (Prometheus/ELK Stack)

EXPERIENCE

Senior System Administrator - NexusFlow Systems (2020-03 - Present)

Lead the migration of on-premise infrastructure to AWS, resulting in a 30% reduction in operational costs. Implemented automated configuration management using Ansible, reducing deployment time for application servers by 60%.

System Administrator - Vortex Data Solutions (2016-06 - 2020-02)

Managed a fleet of 200+ Linux servers and optimized high-availability database clusters. Improved system security posture by implementing rigorous patching cycles and hardening protocols, reducing security incidents by 40%.

EDUCATION

Bachelor of Science in Information Technology - Summit Valley Institute of Technology (2015)
