

Matthew Larson

matthew.larson11@example.org | 001-997-368-3112x315 | Database Administrator (Senior)

SUMMARY

Accomplished Senior Database Administrator with over 8 years of experience in designing, managing, and optimizing large-scale relational and NoSQL database systems. Proven track record in improving query performance by 40% and ensuring 99.99% availability for mission-critical production environments.

SKILLS

PostgreSQL, Oracle Database, MongoDB, SQL Server, AWS RDS, Terraform, Shell Scripting, Database Performance Tuning

EXPERIENCE

Senior Database Administrator - NexusStream Data Systems (2019-03 - Present)

Led the migration of 50TB of data to AWS RDS, resulting in a 30% reduction in operational costs. Orchestrated automated backup and disaster recovery protocols that reduced recovery time objectives (RTO) by 60%.

Database Administrator - VertexLogic Solutions (2015-06 - 2019-02)

Maintained high-availability database clusters supporting 1 million+ active users. Optimized complex SQL queries and indexing strategies that improved application response times by 25%.

EDUCATION

B.Sc. in Database Engineering - Summit Valley Institute of Technology (2014)
