

Peter Powers

peter.powers861@example.net | 001-312-544-0301 | System Administrator (Mid-level)

SUMMARY

Dedicated System Administrator with over 5 years of experience in managing enterprise-level infrastructure and cloud environments. Proven track record in optimizing server performance, automating deployment processes, and maintaining 99.9% system uptime through proactive monitoring.

SKILLS

Linux Administration, Windows Server 2019/2022, AWS, Docker, Ansible, Shell Scripting, VMware vSphere, Zabbix

EXPERIENCE

System Administrator - Nexus Flow Solutions (2021-03 - Present)

Managing a hybrid cloud infrastructure supporting 200+ employees and improving deployment automation by 40% using Ansible. Spearheaded the migration of legacy physical servers to AWS, resulting in a 25% reduction in annual hardware maintenance costs.

Junior System Administrator - Vertex Digital Infrastructure (2018-06 - 2021-02)

Provided daily technical support for Windows/Linux environments and maintained server backup protocols. Successfully reduced incident response time by 30% by implementing a centralized Zabbix monitoring system.

EDUCATION

B.Sc. in Network Engineering - Grand Valley Institute of Technology (2018)
