

Tammy Miles

tammy.miles260@example.com | 945-351-9535x111 | DevOps Engineer (Junior)

SUMMARY

Motivated Junior DevOps Engineer with a strong foundation in cloud infrastructure and CI/CD pipeline automation. Passionate about streamlining development workflows and improving system reliability through infrastructure-as-code practices.

SKILLS

Docker, Kubernetes, AWS, Jenkins, Terraform, Python, Linux, Git

EXPERIENCE

Junior DevOps Engineer - Nexus Stream Solutions (2022-06 - Present)

Maintained CI/CD pipelines using Jenkins, reducing deployment time by 20%. Automated server provisioning using Terraform for 15+ microservices in a production environment.

DevOps Intern - CloudForge Tech Labs (2021-12 - 2022-05)

Assisted in containerizing legacy applications using Docker, resulting in a 30% improvement in environment consistency across development teams.

EDUCATION

B.Sc. in Information Technology - Summit Valley Institute of Technology (2021)
