

Nicholas Martin

nicholas.martin736@example.net | (882)335-2868x03386 | System Administrator (Mid-level)

SUMMARY

Dedicated System Administrator with 5 years of experience in managing complex IT infrastructures and cloud environments. Proven track record in optimizing server performance, enhancing network security, and automating routine tasks to increase operational efficiency by 30%.

SKILLS

Linux Administration, Windows Server, AWS, Docker, Bash/Python Scripting, VMware, Nagios, Git

EXPERIENCE

System Administrator - NexusFlow Solutions (2021-03 - Present)

Lead the management of 50+ virtualized servers and cloud instances, reducing system downtime by 20% through proactive monitoring. Implemented automated deployment pipelines using Docker, cutting release deployment time by 40%.

Junior System Administrator - BlueRidge Tech Systems (2018-06 - 2021-02)

Provided technical support for over 200 internal users and maintained core network services. Successfully migrated on-premises storage to a hybrid cloud solution, improving data accessibility and backup reliability.

EDUCATION

B.Sc. in Information Technology - Summit Valley Institute of Technology (2018)
