

Victor Marks

victor.marks243@example.org | 929-888-2324x856 | Business Analyst (IT) (Fresher)

SUMMARY

Highly motivated Business Analyst graduate with a strong foundation in IT project lifecycles and process optimization. Proficient in translating complex business requirements into technical specifications to drive efficient software solutions. Eager to leverage analytical skills and agile methodologies to contribute to a dynamic development team.

SKILLS

Requirement Elicitation, SQL, Jira, UML Modeling, Microsoft Visio, Figma, Agile/Scrum, Data Analysis

EXPERIENCE

Business Analyst Intern - Nexus Logic Solutions (2023-06 - 2023-12)

Collaborated with cross-functional teams to document 15+ functional requirements for a CRM module, resulting in a 20% reduction in development clarification time. Assisted in creating user stories and visual prototypes that supported the successful delivery of two sprint cycles.

EDUCATION

B.Sc. in Business Information Systems - Evergreen Institute of Technology (2024)
