

Scott Mullins DDS

scott.mullins.dds629@example.net | 672.684.2816 | Cloud Engineer (Junior)

SUMMARY

Highly motivated Junior Cloud Engineer with a strong foundation in cloud infrastructure and DevOps practices. Passionate about automating deployment pipelines and optimizing cloud resource management to enhance system scalability and reliability.

SKILLS

AWS, Terraform, Docker, Kubernetes, Python, Linux, Jenkins, SQL

EXPERIENCE

Junior Cloud Engineer - NebulaSystems Tech (2022-06 - Present)

Assisted in migrating 15+ legacy on-premise applications to AWS, reducing operational costs by 20%. Automated server provisioning using Terraform, saving the team 10 hours of manual configuration per week.

IT Intern - Vertex Digital Solutions (2021-06 - 2022-05)

Supported the maintenance of internal cloud development environments and resolved over 50 infrastructure-related tickets. Implemented a new monitoring script that reduced system downtime by 15%.

EDUCATION

B.Sc. in Cloud Computing and Network Security - Summit Valley Institute of Technology (2021)
