

Tamara Robertson

tamara.robertson678@example.net | 001-928-322-9402 | Data Scientist (Mid-level)

SUMMARY

Results-oriented Data Scientist with 4 years of experience in developing machine learning models and data pipelines. Proven track record of leveraging advanced statistical analysis to improve business decision-making and optimizing predictive algorithms to drive revenue growth.

SKILLS

Python, SQL, TensorFlow, Scikit-learn, Tableau, Apache Spark, AWS SageMaker, Docker

EXPERIENCE

Data Scientist - Nexus Analytics Solutions (2021-03 - Present)

Led the development of a customer churn prediction model that reduced churn rate by 15% through targeted retention campaigns. Managed end-to-end data pipelines processing over 2TB of daily transactional data.

Junior Data Scientist - Vortex Tech Dynamics (2019-06 - 2021-02)

Collaborated with cross-functional teams to build automated reporting dashboards, increasing team productivity by 20%. Performed exploratory data analysis to identify key market trends, contributing to a 10% increase in product conversion.

EDUCATION

M.Sc. in Data Science - Summit Institute of Technology (2019)

B.Sc. in Statistics - Beacon Valley University (2017)
