

Eileen Graves

eileen.graves403@example.com | 214.330.5918x896 | Machine Learning Engineer (Junior)

SUMMARY

Highly motivated Machine Learning Engineer with a strong foundation in predictive modeling, data analysis, and software development. Proven ability to translate business requirements into scalable machine learning solutions, with a keen interest in computer vision and natural language processing.

SKILLS

Python, PyTorch, Scikit-learn, SQL, Docker, AWS SageMaker, MLflow, Git

EXPERIENCE

Junior Machine Learning Engineer - Nexus AI Solutions (2022-07 - Present)

Developed and deployed a customer churn prediction model that improved retention strategy accuracy by 15%. Collaborated with data engineers to automate data pipelines using Airflow, reducing manual processing time by 10 hours per week.

Machine Learning Intern - DataPulse Technologies (2021-06 - 2022-05)

Assisted in cleaning and preprocessing large-scale datasets for a sentiment analysis project. Built and fine-tuned regression models, resulting in an 8% increase in overall predictive performance.

EDUCATION

B.Sc. in Data Science and Artificial Intelligence - Summit Polytechnic University (2021)
