

Deanna Johnson

deanna.johnson843@example.net | +1-363-410-9899x3667 | Software Architect (Fresher)

SUMMARY

Highly motivated Computer Science graduate with a strong foundational understanding of system design, distributed systems, and scalable architecture. Passionate about designing robust software solutions and eager to apply theoretical knowledge of microservices and cloud infrastructure in a fast-paced development environment.

SKILLS

System Design, Microservices Architecture, Java, Spring Boot, Docker, PostgreSQL, RESTful API Design, AWS Cloud Foundations

EXPERIENCE

Software Engineering Intern - Nexus Stream Solutions (2023-06 - 2023-12)

Collaborated with the architecture team to design a modular microservices prototype, successfully reducing latency by 15% in test environments. Assisted in the documentation and diagramming of system workflows using UML and Lucidchart.

EDUCATION

B.Sc. in Software Engineering - Summit Valley Institute of Technology (2024)
