

Christopher Charles

christopher.charles211@example.net | (894)916-8702x447 | Cloud Engineer (Mid-level)

SUMMARY

Dedicated Cloud Engineer with 5 years of experience in designing and managing scalable cloud infrastructure. Proven track record in automating deployment pipelines and optimizing cloud costs for high-traffic applications while maintaining 99.9% system availability.

SKILLS

AWS, Terraform, Kubernetes, Docker, Python, Jenkins, Prometheus, Linux Administration

EXPERIENCE

Cloud Engineer - NexusScale Solutions (2021-03 - Present)

Architected and migrated 15+ microservices to AWS, resulting in a 30% reduction in monthly cloud expenditure. Implemented CI/CD workflows that decreased deployment time by 40%.

Junior Cloud Engineer - Vertex Digital Systems (2019-06 - 2021-02)

Supported the maintenance of cloud environments and assisted in the deployment of containerized applications, improving infrastructure uptime from 99.5% to 99.9%.

EDUCATION

B.Sc. in Computer Science - Summit Valley Institute of Technology (2019)
