

Travis Harris

travis.harris752@example.org | 001-301-271-0991 | Data Analyst (Junior)

SUMMARY

Detail-oriented Junior Data Analyst with a strong foundation in statistical analysis and data visualization. Proficient in transforming complex datasets into actionable business insights to drive decision-making processes.

SKILLS

Python, SQL, Tableau, Power BI, Excel, Pandas, NumPy, Google Analytics

EXPERIENCE

Junior Data Analyst - Nexus Stream Solutions (2022-06 - Present)

Cleaned and processed large datasets using Python, resulting in a 15% improvement in data accuracy. Developed automated dashboards in Tableau that reduced manual reporting time by 10 hours per week.

Data Analyst Intern - Vertex Digital Insights (2021-12 - 2022-05)

Assisted senior analysts in performing exploratory data analysis on consumer behavior patterns. Validated marketing campaign performance metrics, providing key insights that helped increase conversion rates by 5%.

EDUCATION

B.Sc. in Data Science and Analytics - Summit Valley Institute of Technology (2021)
